Hum 75. Selected Topics in Humanities, Topic: Art in Los Angeles (1-0-0)

Instructor: Prof. Hillary Mushkin

Los Angeles is one of the world's most vibrant art centers. This course consists of three field trips to some of the most culturally significant visual art venues in the city. The course will offer the opportunity to learn about contemporary visual artists working in a variety of media. Exhibitions we visit may include artworks in photography, painting, drawing, sculpture, film/video, and/or mixed media installation. Field trips will take place on Saturday afternoons and/or weekday evenings. Field trips will include viewing of major current exhibitions and discussion of artworks. Topics will be presented at an informal, introductory level. Graded pass/fail.
