

# ELEMENTARY SPANISH L110b

If you are interested in learning Spanish and have not taken L110a or equivalent courses elsewhere, it is recommended that you wait till the Fall term 2020 to start learning from the very beginning.

Span L110b is the second course of a three-part elementary program. As such, it is hard to make-up the communicative skills developed during the previous term.

If you have studied Spanish before and want to confirm if this second term of elementary is the right level for you, please take the following informal placement test:

<http://www.lengalia.com/en/placement-test-spanish.html>

The minimum result should be A1. You should also be familiar with the communicative skills of the first 5 chapters of the textbook JUNTOS.
